

Build Your Own LEGO Device

Step-by-step photos for recreating the
device in “The Tightrope Challenge”

By Bill Burton

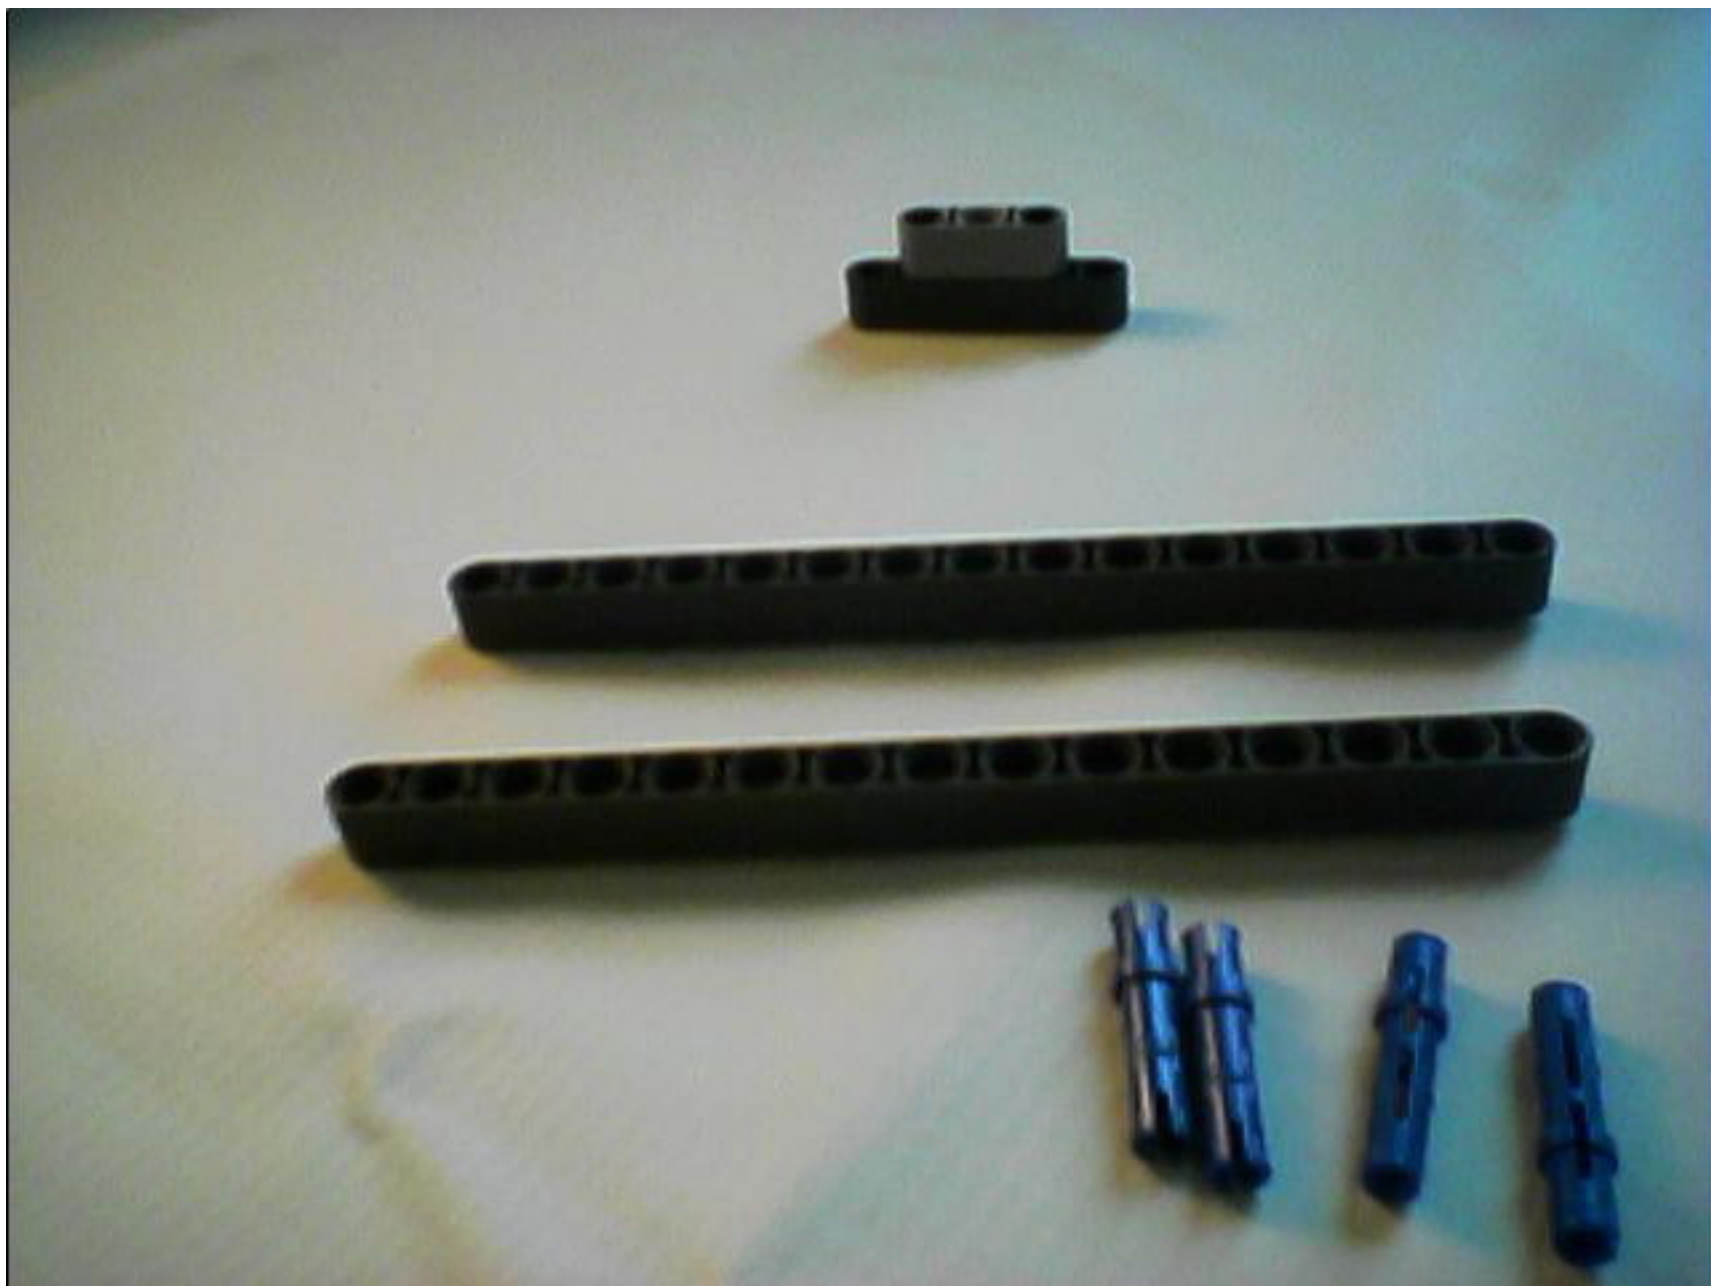

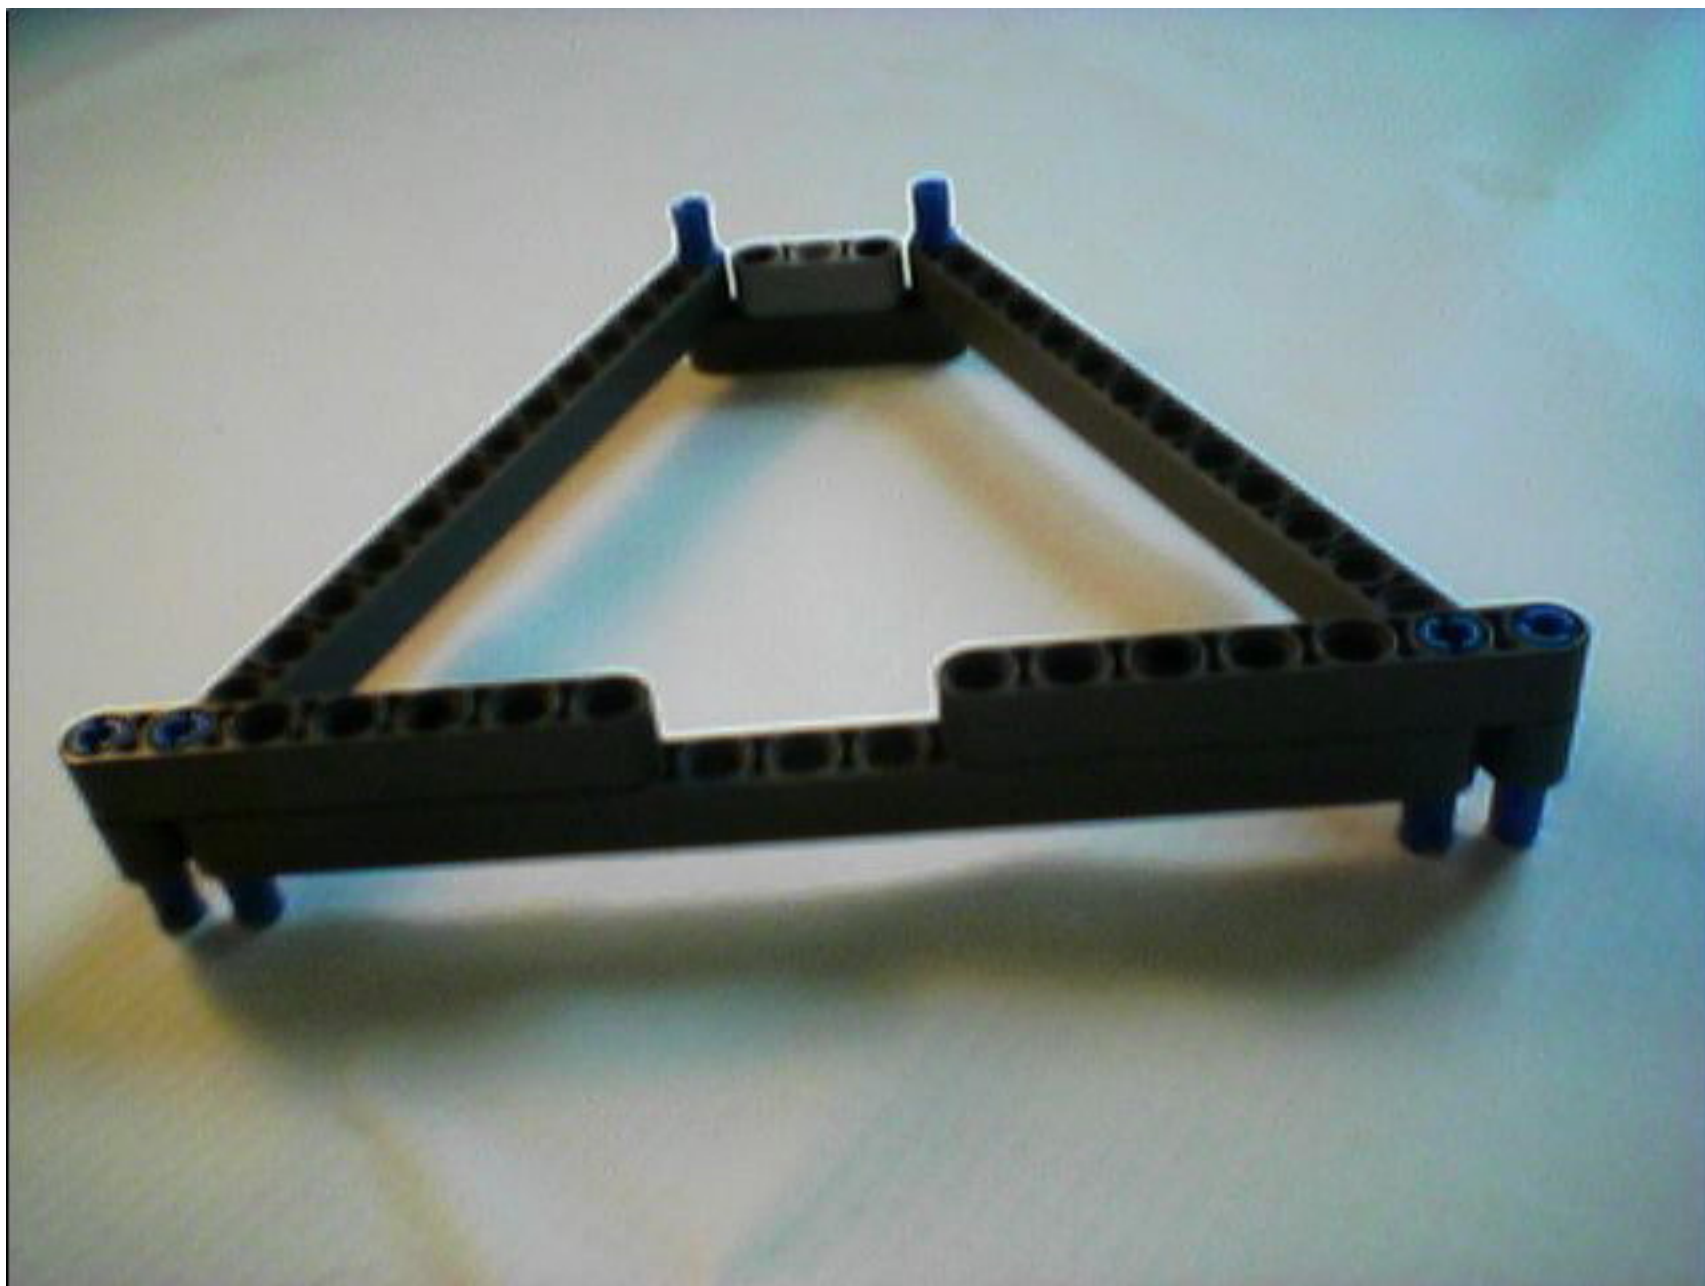

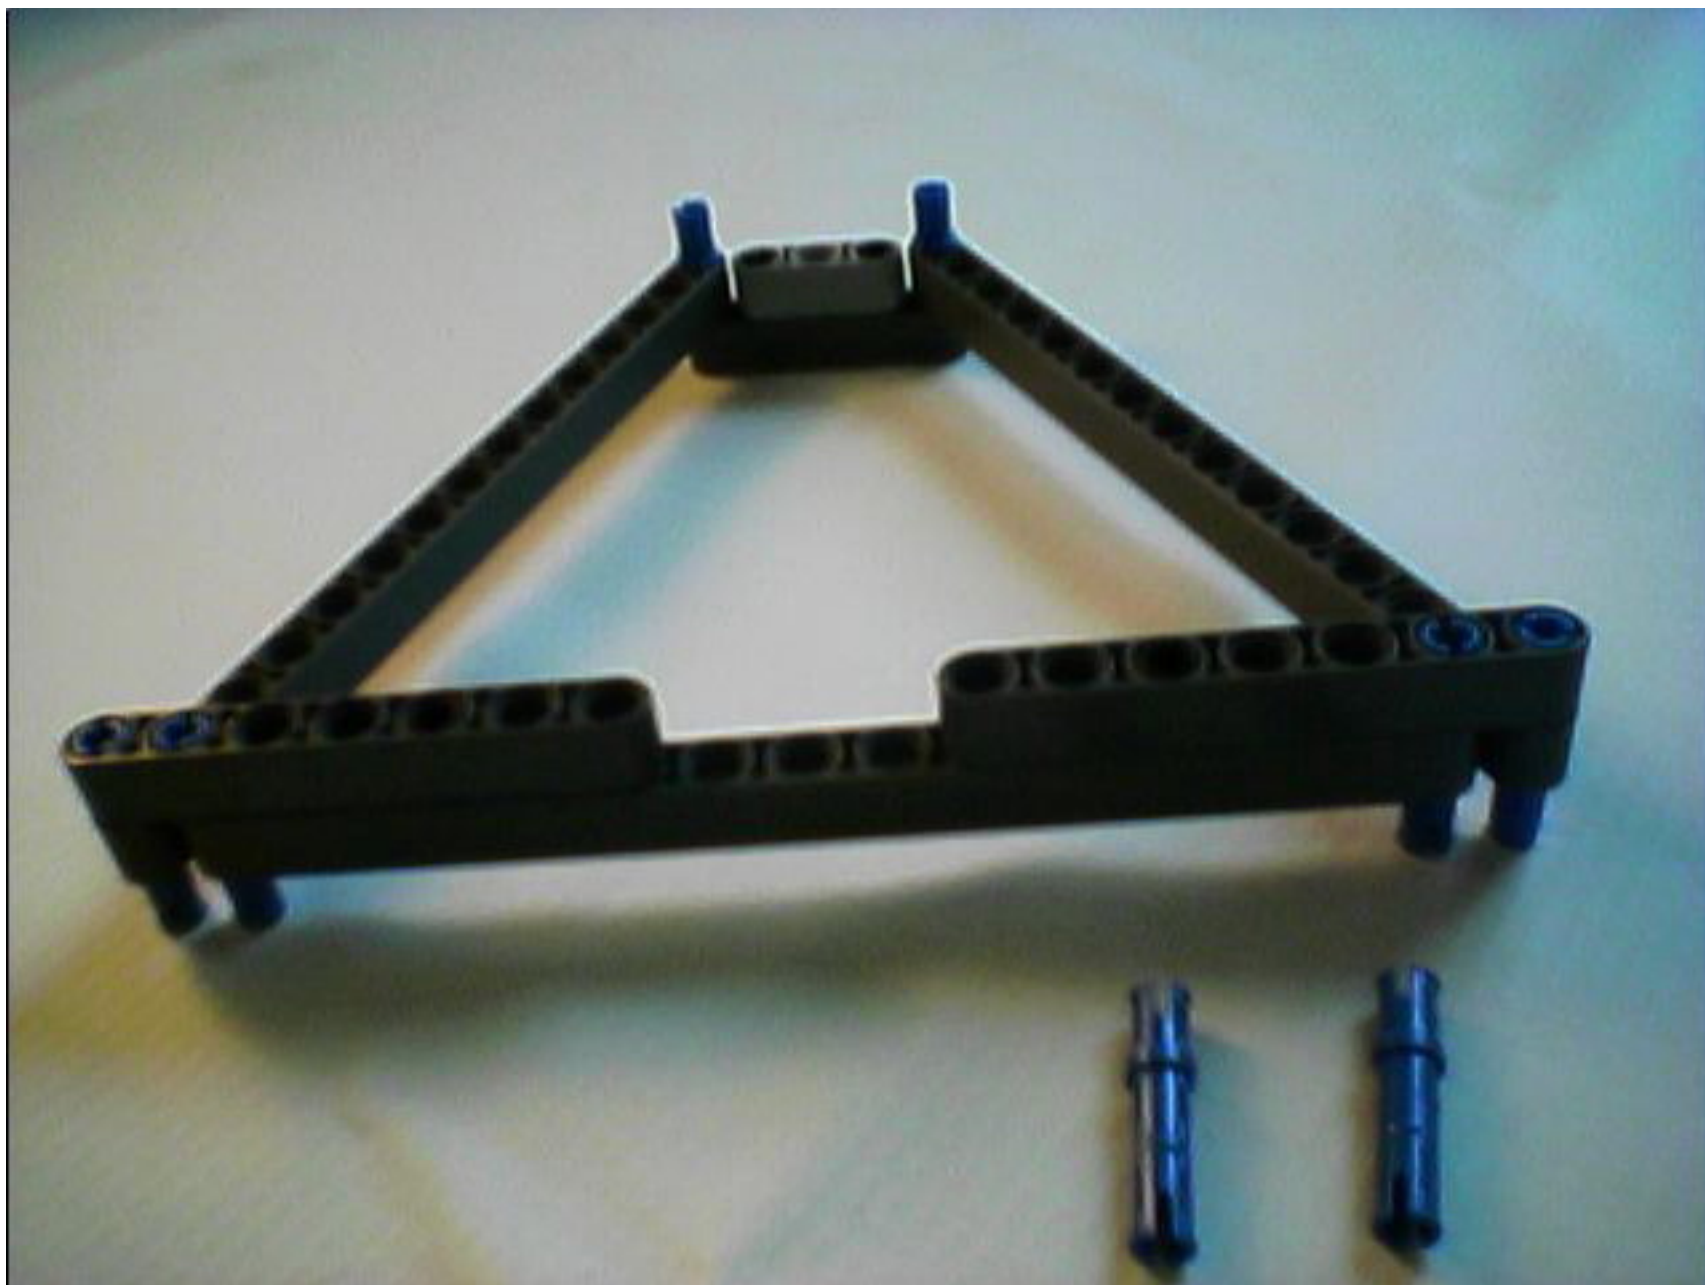

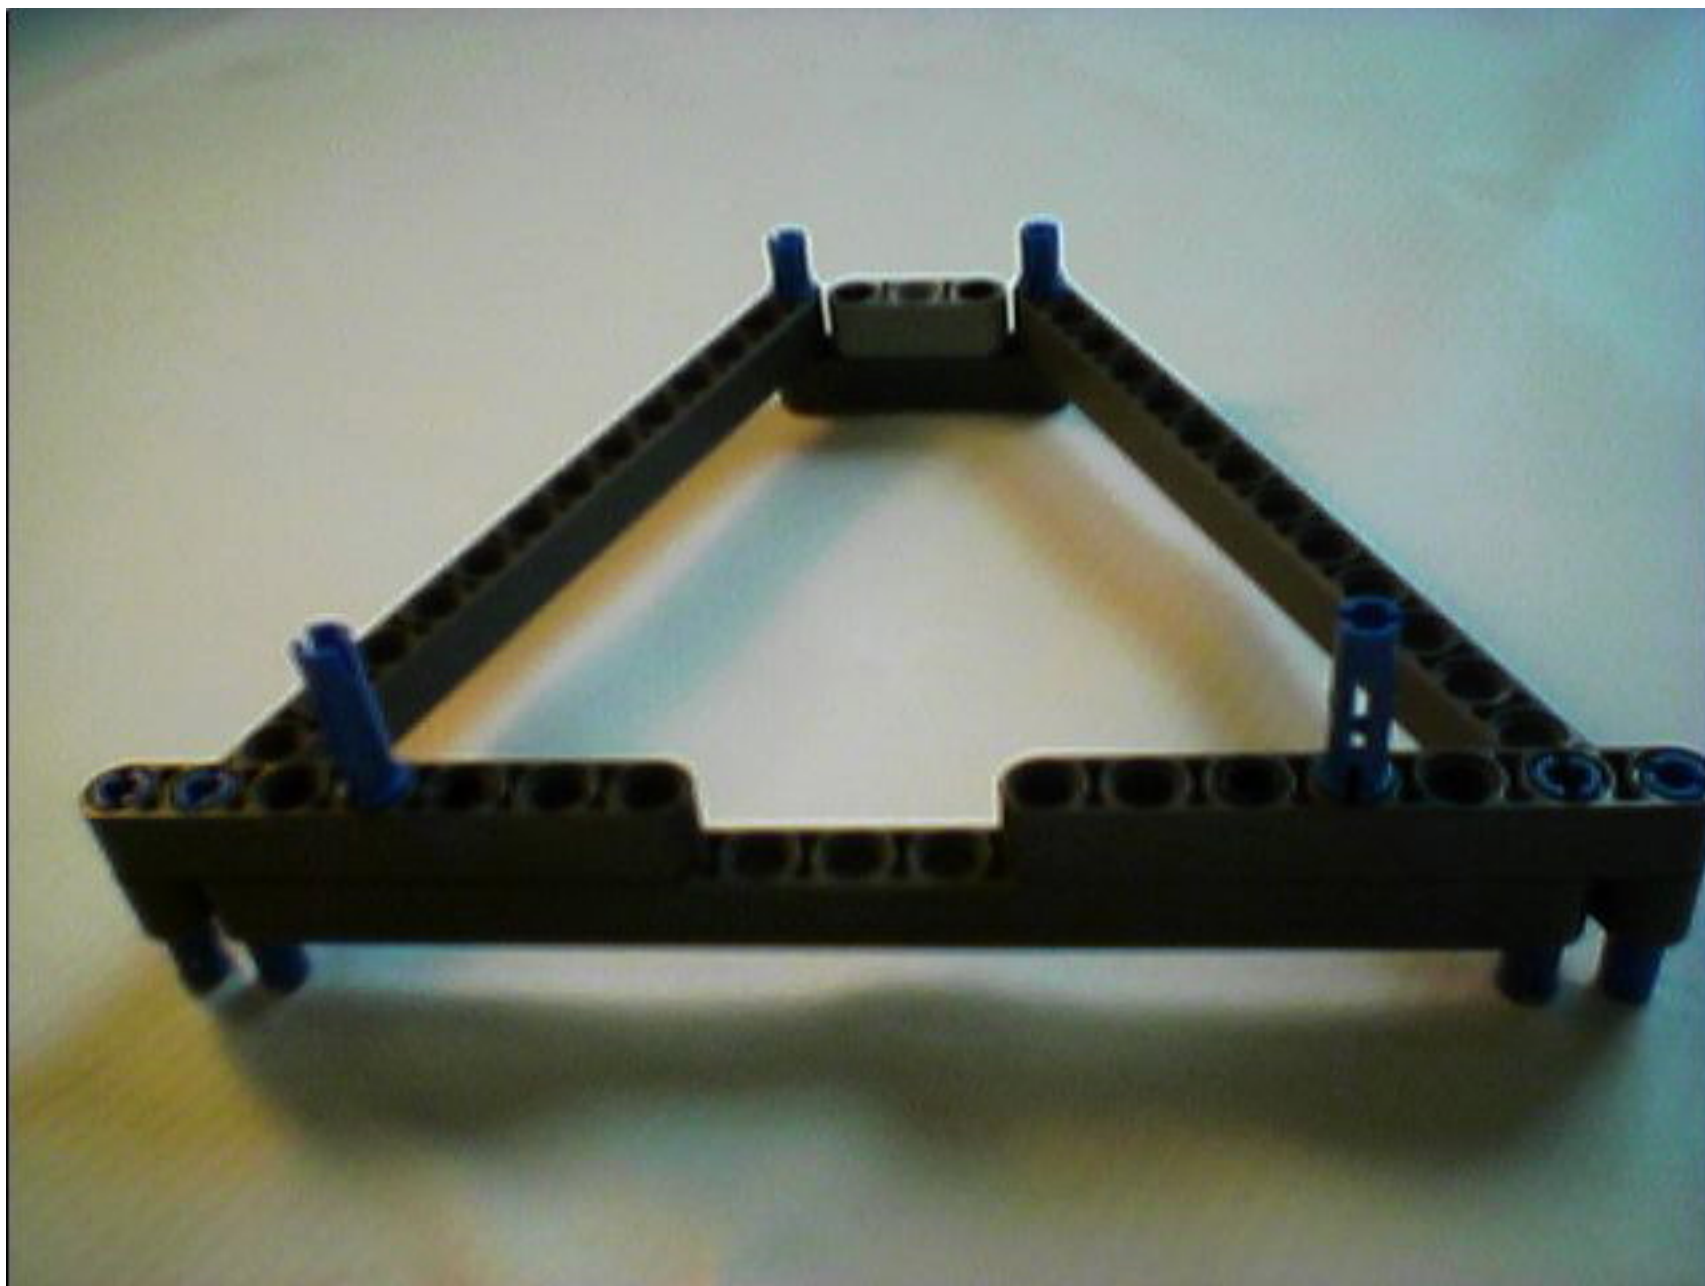

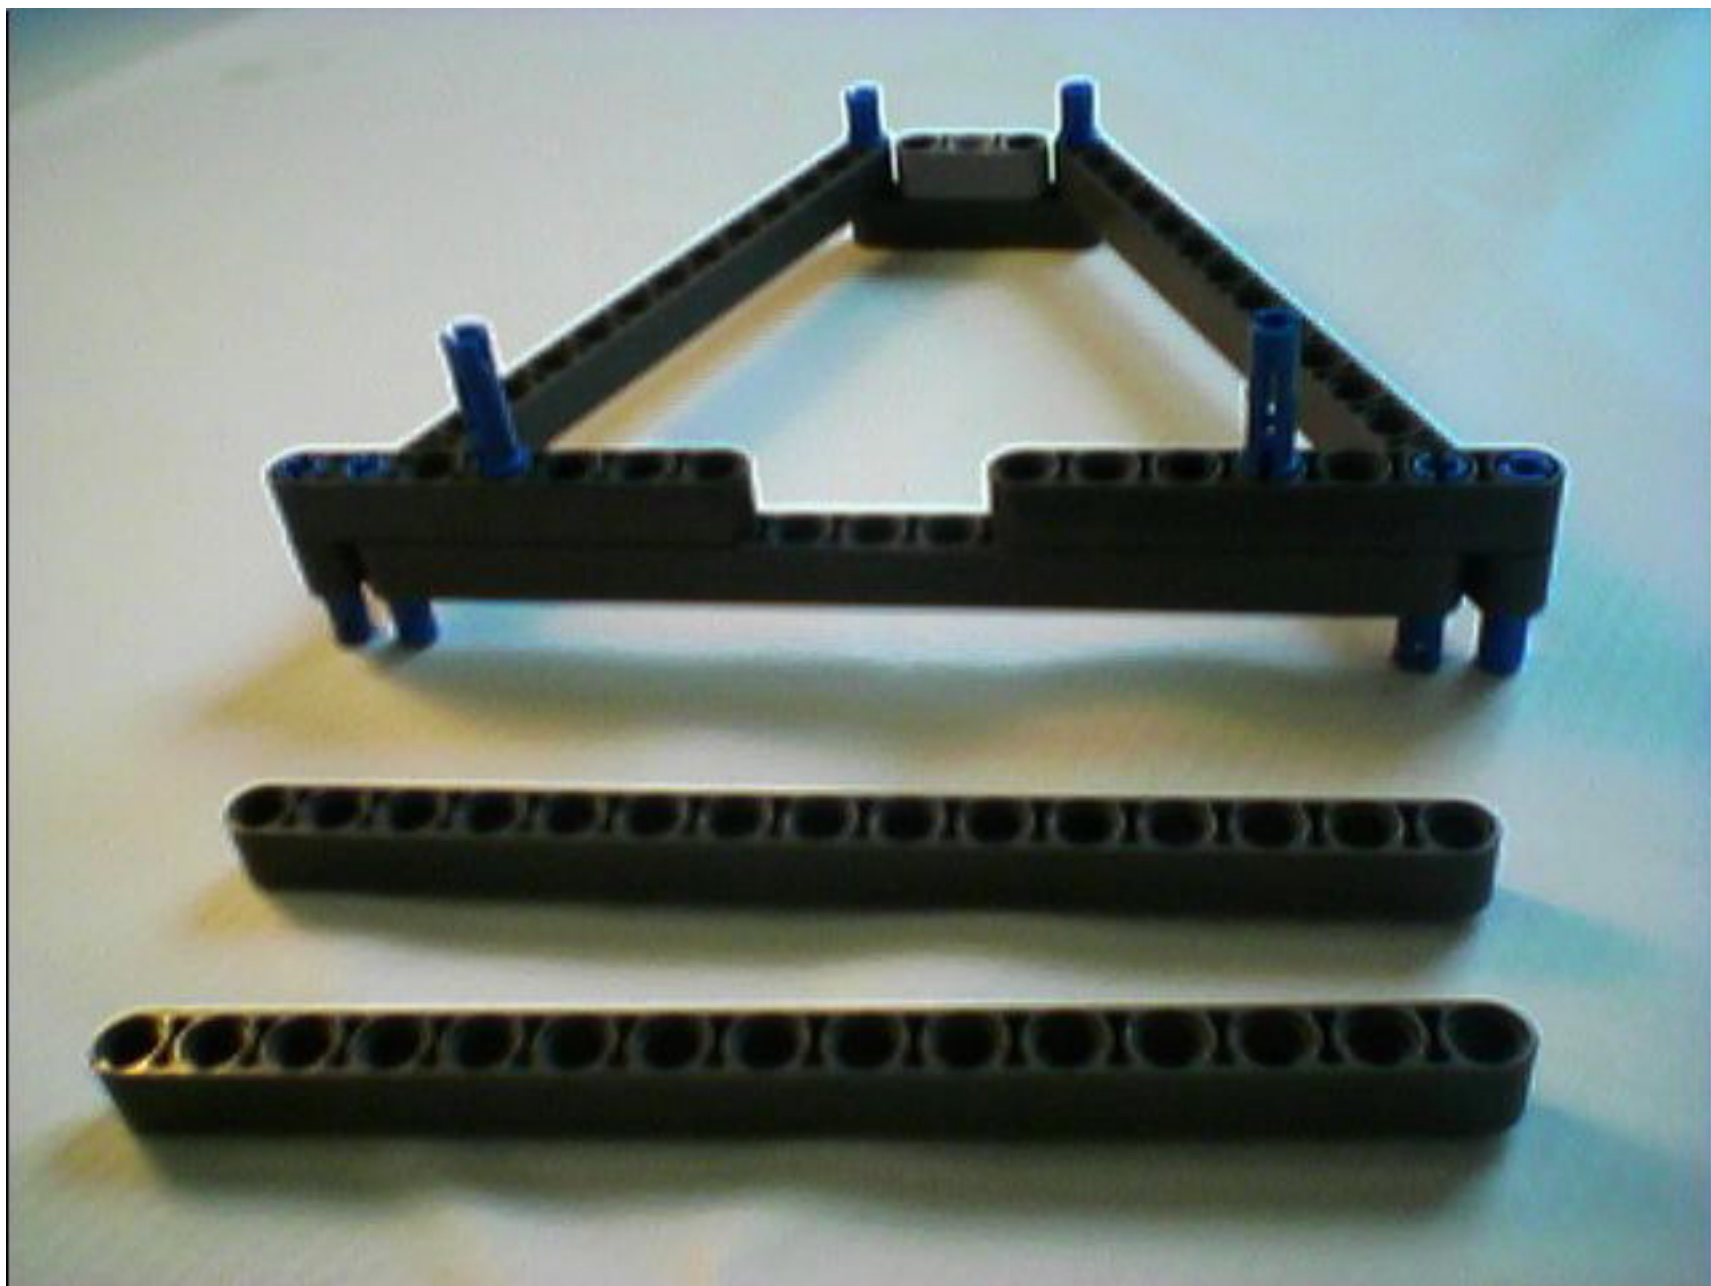

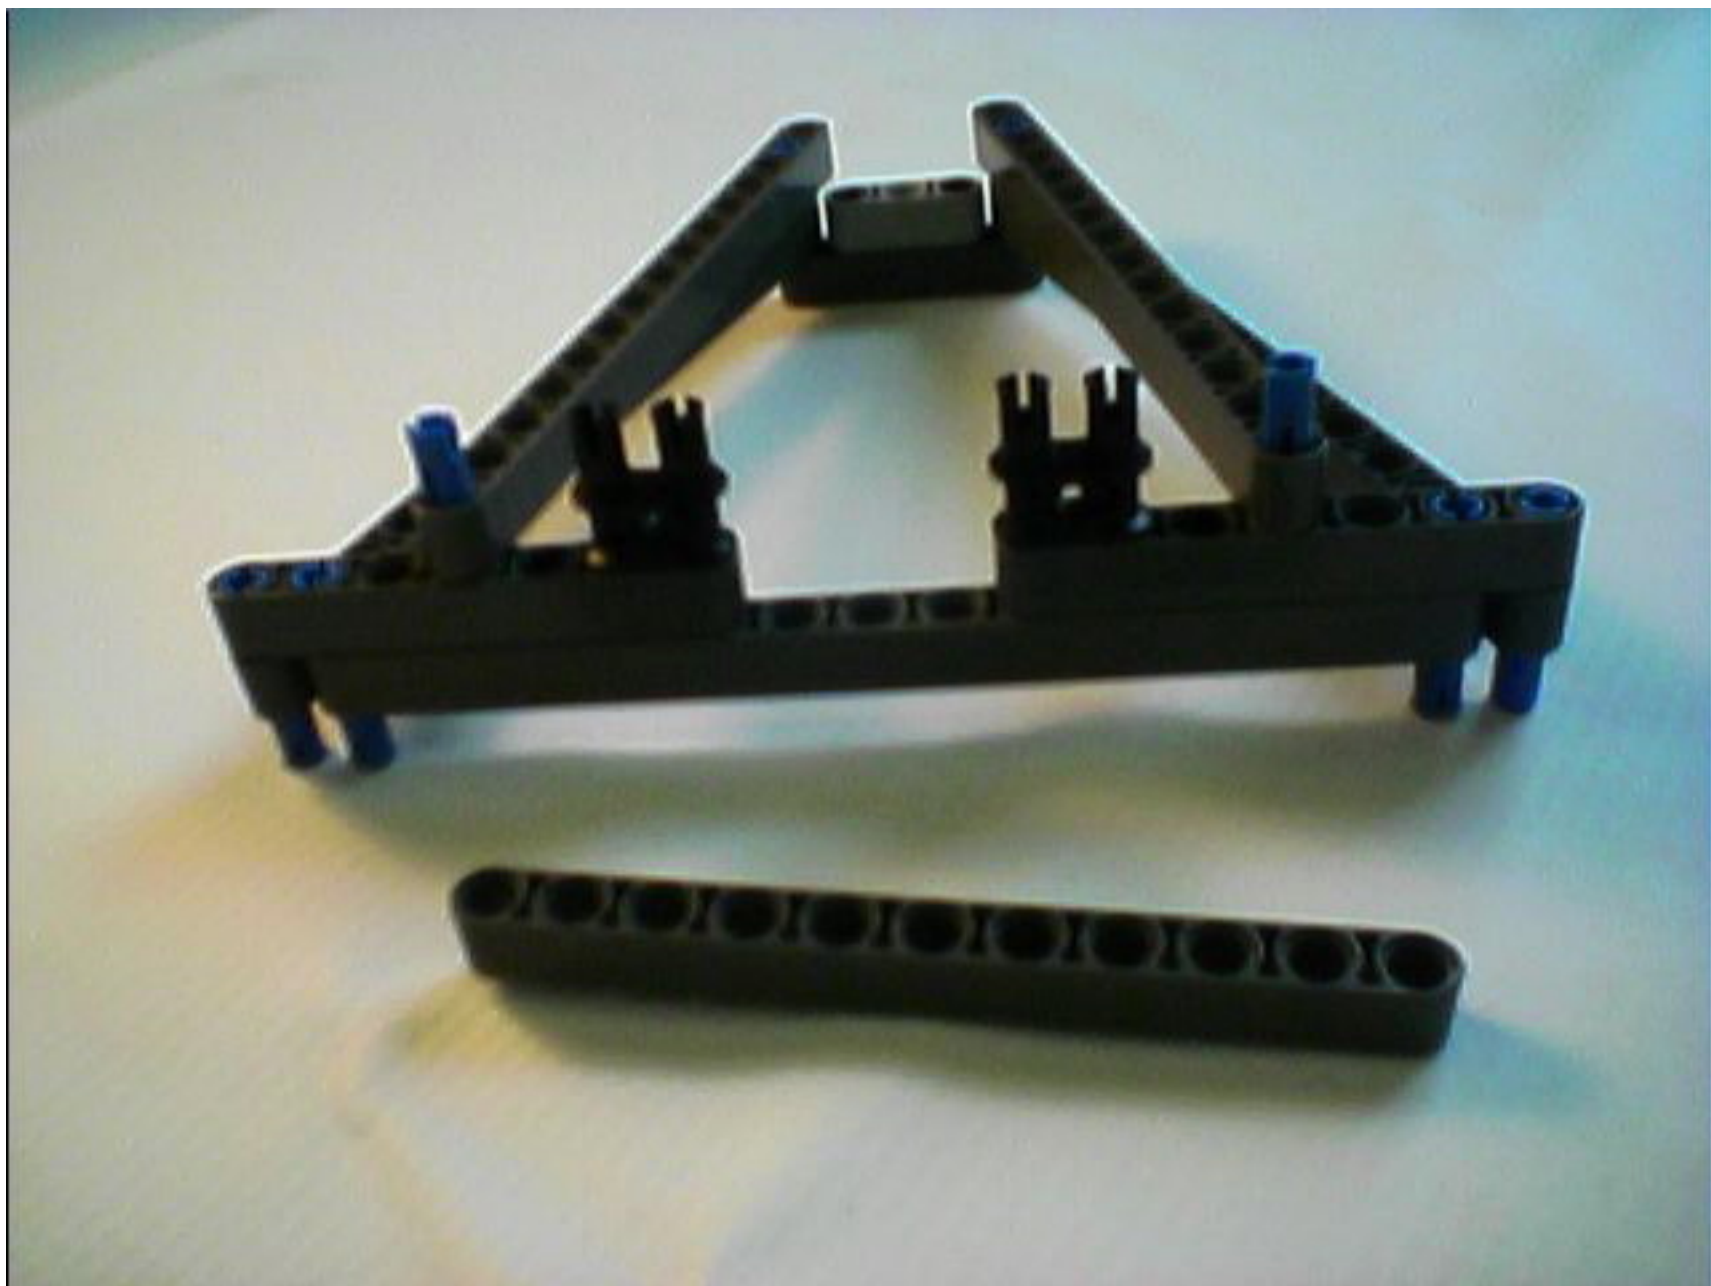

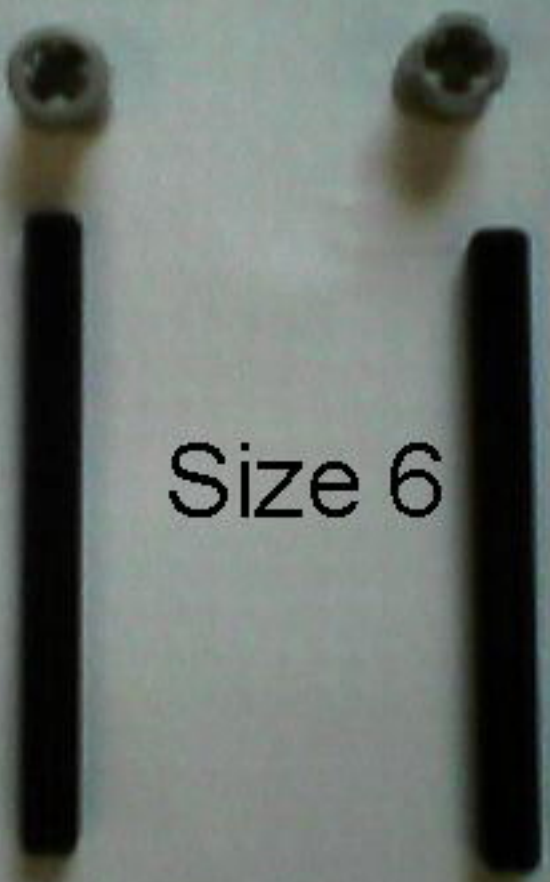

The image shows two identical black rods, each with a metal cap at the top. The rods are positioned vertically, one on the left and one on the right. The metal caps are silver-colored and have a hexagonal base. The rods are black and appear to be made of a solid material. The background is a light, neutral color.
