Figure 1A Answer Key

SCIENCE	BOTH Science and Engineering	ENGINEERING
Conduct experiments	Work with restrictions	Run tests, or trials
Explain nature	Solve problems	Invent, or re-design, things
Seek to understand the world	Help society	Repair things
	Use math	
	Requires creativity and innovation	
	Write down everything	
	Communicate findings	
	Work in teams	

1. Conduct experiments
2. Run tests, or trials
3. Work with restrictions
4. Solve problems
5. Help society
6. Repair things
7. Use math

8. Explain nature
9. Requires creativity and innovation
10. Write down everything
11. Invent, or re-design, things
12. Communicate findings
13. Work in teams
14. Seek to understand the world
