

## **U.S. Army to Host Students and Teachers from Across the Nation at eCYBERMISSION National Showcase (WASHINGTON, D.C.)**

**Thursday, June 25, 2009**

### **About eCYBERMISSION**

eCYBERMISSION is a free, web-based, Science, Technology, Engineering and Mathematics (STEM) competition for students in grades six through nine. Sponsored by the U.S. Army and managed by RDECOM, eCYBERMISSION is designed to share the importance of STEM education with the leaders of tomorrow and encourage them to understand the real-life applications of these subjects. Students compete for state and national awards by working in teams to identify a problem in their community and using scientific inquiry to propose a solution. eCYBERMISSION is an Army Educational Outreach Program ([www.usaeop.com](http://www.usaeop.com)).

### **About RDECOM**

RDECOM is the Army's primary source for integrated research, development and engineering capabilities that empower, unburden and protect the Warfighter to enable the dominance of the Army. RDECOM provides the full spectrum of basic research, development, engineering and analysis of Warfighter systems, from concept to capability. RDECOM is headquartered at Aberdeen Proving Ground, Md., with laboratories and research and development centers throughout the country and representatives throughout the world. For more information on RDECOM, visit [www.army.mil/rdecom](http://www.army.mil/rdecom).
