## High Noon Data Chart

| - | Mely |
|---|------|
| 3 |      |

Use this chart to record your high noon observations.

| Date | Time | Length of gnomon | Length of shadow | Sun's altitude |
|------|------|------------------|------------------|----------------|
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
|      |      |                  |                  |                |
