Help NSTA's GREEN efforts by completing session evaluations online May 20–June 4, 2015, while the session is fresh in your mind!

To evaluate a session, you should visit the STEM Forum & Expo session browser (www.nsta.org/stembrowser) and search for part of the session title or presenter's name using the Find Keyword search option. Once you find the session you wish to evaluate, simply click the Evaluate Session button, enter your badge number, and answer the evaluation questions. When you finish evaluating the session, click the Submit Evaluation button. Repeat this process for each session attended.

Note: Our session evaluation system is designed to work from a computer and while it may work on smartphones/tablets, it is not really designed for them.

Concurrent session presenters may also complete an evaluation for their own sessions in order to track professional development credit. Remember—the last day to evaluate STEM Forum & Expo sessions is June 4.

Beginning June 15, 2015, you can view your transcript at the NSTA Learning Center (learningcenter.nsta.org) by clicking on “My PD Record and Certificates.” You can also document credit for activities that are not being evaluated (e.g., Exhibit Hall visits).

In addition, the NSTA Learning Center offers professional development experiences (online and face-to-face) for your long-term growth and professionalism. For more details, see page 8. A Professional Development Documentation Form is included following page 16. This form can help you keep track of sessions/events attended that are NOT available for online session evaluation…and it can be used to take notes on sessions attended that are available for online session evaluation.

The Minneapolis Convention Center offers free Wi-Fi in all first level lobbies.

STEM Forum & Expo attendees can earn one graduate-level credit in professional development through Framingham State University. For details on the assignment requirements, visit www.framingham.edu/nsta. Questions? E-mail Paula Hogard at phogard@framingham.edu or call 508-626-4034.

Looking for restaurant recommendations or help making reservations? Located in the registration area of Exhibit Hall A, the dining specialists can assist you. Stop by to also find out more about Minneapolis shopping, attractions, nightlife, and more.
Thursday Program Changes

New Exhibitor Workshop
Exhibitor Workshop  11:45 AM–12:45 PM
Rekindle Your Students' Intrinsic Curiosity to Deliver Lifelong Learning and STEM Equity for All
(Grades P–12)  L100 C, Conv. Center
Sponsor: NxGenLearning.net
Presenter to be announced
Today’s students will encounter future jobs that don’t exist yet. To succeed in this ever-changing world, students need to reignite their curiosity/creativity with a growth mind-set. We’ll dive into the world’s leading exemplary practices and award-winning 3-D STEM innovations that leverage kids’ enthusiasm for video games and 3-D movies to equip them with leadership skills for bright futures.

Canceled Session
Kinesthetic Learning—From a STEM Viewpoint, presentation, 3:00–4:00 PM, 102F, Conv. Center (p. 42).

New Location
The presentation From Climate and Ocean Literacy to Meaningful Action—The Launching of I2SEA is now scheduled in 101C instead of 103D (same day/time) (p. 57).

New Panelists for Closing Session
The following students are panelists of the student panel Food for Thought (Part II of the Closing Session), 9:00–10:00 AM, 101C, Convention Center (p. 71):
- Mimi Kol-Balfour, Southside Family Charter School, Minneapolis, Minn.
- Izzie Mack, Lake Harriet Community School, Minneapolis, Minn.
- Emily Moeller, University of Wisconsin–Madison
- Jeyani Narayan, East Ridge High School, Woodbury, Minn.
- Quinn Williams, Seward Community School, Minneapolis, Minn.

Friday Program Changes

New Exhibitors
