

Shell Science Lab Challenge

Timeline 2016-17

1. October –November

- a. Read over the requirements at shellsciencelab@nsta.org
- b. Apply and set up your account with Reviewr
- c. Revisit your resume/vita; update your information
- d. Meet with your principal to discuss the competition; give your principal a copy of the requirements, outline for a letter, and your resume.
- e. Set a date the following week to meet with the principal to share the narrative and to complete the requirements. This will be done online so make sure you have the correct information.

2. November

- a. Decide on the lab activity you will submit
- b. Complete the two pages for the lab activity.
- c. Write the draft for the first two narrative sections.
- d. Meet with the principal to review the requirements.
- e. Discuss the letter of support.
- f. Set a date within the week for receipt of the letter of support.
- g. Review and revise the three sections of the narrative; six pages max.
- h. Have one or two colleagues review the narrative for suggestions.

3. December

- a. Complete the application packet. Make sure you have your resume, application page completed, signed by you and the principal, letter of support, and 6 page narrative.
- b. Upload the principal's letter to Reviewr.
- c. Complete the application and submit it before January 23, 2017.
- d. Brainstorm what you will do for the 3-5 minute video if your application is selected.
- e. Videos due February 13, 2017.
- f. Final responses due February 27, 2017.

Good luck with your application!
