Why NSTA Needs Two E-mail Addresses

Teachers and administrators using the eBooks+ *Student Editions* and eBooks+ *Kids* must order using **two separate email addresses**: the first email address to set up or link to an NSTA account and the second email address to access eBooks+ *Student Editions* and eBooks+ *Kids* school accounts through the NSTA Reader. The second email address cannot already be in the NSTA system. Please place the **first e-mail address under the "Bill To"** section of the order form and the **second e-mail address under the "Send To"** section of the order form.
