

Name: \_\_\_\_\_

## Power Point Planner

**In order for to meet the expectations for this project this presentation must include the following:**

\_\_\_\_\_ One picture of your animal (from clip art or the internet)

**6 slides that contain all the necessary information as indicated below for each slide:**

Be sure to fill out the information for each slide first (on the attached sheets) then create your slide show.

\_\_\_\_\_ Slide One

-Title (**animal name**), your name, date and a picture of an animal (from clipart or the internet)

\_\_\_\_\_ Slide Two

-Title (**habitat of your animal**), describe the habitat and where in the world it can be found

\_\_\_\_\_ Slide Three

-Title (**predators and food sources for your animal**), is your animal an omnivore, herbivore, or carnivore, what your animal eats, the predators of your animal

\_\_\_\_\_ Slide Four

-Title (**how humans have impacted the habitat of your animal**), describe how humans have impacted your animal's habitat

\_\_\_\_\_ Slide Five

-Title (**interesting facts about your animal**), list interesting facts about your animal.

\_\_\_\_\_ Slide Six

-Title (**Bibliography**), document the sources that you used for your report.

### **Editing List (check each item you have completed)**

\_\_\_\_\_ Does every slide include all the needed information?

\_\_\_\_\_ Did you put a title on every slide?

\_\_\_\_\_ Did you use correct spelling and punctuation on each slide?

\_\_\_\_\_ Did you show your slide show to a classmate?

\_\_\_\_\_ Did you have the teacher help edit your slide show (this is done last)?

**Slide One:**

Animal Name	
<p>Picture of animal here. This picture can be from clipart or the internet.</p> 	<p>By, Your Name Date</p>
