

We would like to thank the following scientists for contributing samples of their field notebooks: Linette and Andy Sutphin, avian field biologists in Sheridan, Wyoming; Susan Morse, naturalist, habitat specialist, and founder of Keeping Track in Huntington, Vermont; Keith Summerville, ecologist and entomologist with Drake University in Des Moines, Iowa; and Mike Wright, naturalist with the Hefner Zoology Museum at Miami University in Oxford, Ohio.

Abbreviations used in journals 1-2 (Linette and Andy Sutphin's field notes).

Journal 1 is an aerial sage-grouse lek survey with the names of each lek (i.e. West lek).

Journal 2 is a mountain plover and raptor survey.

RTHA= red tailed hawk

LEOW= long-eared owl

GOEA = golden eagle

FEHA = ferruginous hawk

GHOW = great-horned owl

MOPL = mountain plover

ACTI = active nest

PON = ponderosa pine

JUN = juniper tree

CT = cottonwood tree
