

Name: _____

Electricity at Home

Electricity is a form of energy. We depend on electricity for many things at home. With an adult helper, make a list of all the items in one room of your home that use electricity. Place a checkmark in each box that describes what electricity makes it do.

Room _____

Item that Uses Electricity	Makes Light	Makes Sound	Heats Up	Moves

Talk with your adult helper about where the electricity for your home comes from.
