

Additional Texts

Anderson, P. (1997). *A Grand Canyon journey: Tracing time in stone*. Franklin Watts: New York, NY: ISBN: 978-053-158395.

Written at a higher reading level, this book provides great photographs of different features found in the Grand Canyon.

Branley, F. M. (2008). *Volcanoes*. Collins: New York, NY: ISBN: 978-0-06-445189-5.

The text explores the process by which scientists study volcanoes and the dynamic earth processes that produce volcanic activity.

Koontz, R. (2007). *Erosion: Changing earth's surface*. Picture Window Books: Minneapolis, MN. ISBN: 13-978-1-4048-2201-6.

Different ways that erosion happens is presented at a developmentally appropriate level.

Simon, S. (1991). *Earthquakes*. Harper: New York, NY. ISBN: 978-0-06-087715-6

The book examines earthquakes, where and how they occur, how they can be predicted, as well as, the types of damage they do.

Zoehfeld, K. W. (1995). *How mountains are made*. HarperCollins Publishers: New York, NY. ISBN: 978-0-06-4451284

The process behind how mountains are made and worn away over time is explored.

Youtube Video of Students Singing a Chant related to weathering, erosion, and deposition.

www.youtube.com/watch?v=jFU6jh3R1vg

A card sorting game that requires students to demonstrate an understanding of erosion, weathering, and deposition.
