

Savvy Seeds Student Sheet
Sock Walk

<p>Sketch some of the seeds</p> 	<p>Look at and describe the seeds.</p>
	<p>How do you think the seeds stick to your sock?</p>
<p>Think about the seeds you picked up and placed in the bag. How is this similar to animals that take seeds and move them to a new place?</p>	

Falling Seeds

Make observations about how they fall and what happens when they land.

<p>Seed #1</p>	<p>Seed #2</p>	<p>Seed #3</p>
-----------------------	-----------------------	-----------------------

Flying Seeds

Make observations that describe the seeds that fly.

Seed #1	Seed #2	Seed #3

Floating Seeds

Make a prediction and then test it do find out what happens when you place different seeds in water?

Seed #1	Seed #2	Seed #3
Prediction: Float or Sink	Prediction: Float or Sink	Prediction: Float or Sink

Describe how seeds move

How a seed is dispersed	Example seed	Notes or Sketches
Wind		
Water		
Animals		
Gravity or Falling
