

Do Your Research: How to Build a Bat House

Go to the following webpage: <http://www.batcon.org/resources/getting-involved/bat-houses>

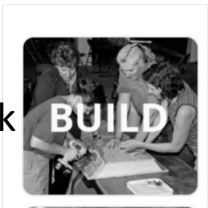

Watch the video at the top of the page to answer the following questions:

Why do bats need bat houses (boxes)?

Why should you NOT hang a bat house (box) on a tree?

Please Note: The bat house shown in this video is a display model; a real bat house should never be this small! Please see our Certification Program Guidelines for suggested minimum measurements.
