

Name _____

Working Group (WG) _____

Our Mock Intergovernmental Panel on Climate Change
Assessment Report Outline

Task: Your goal is to contribute to a class-written IPCC Assessment Report by writing an informative/explanatory paper to answer a question you developed that fits within the focus of your assigned Working Group. Your answer should:

- be approximately 1 page
- include at least 4 scientific sources
- use in-text citations
- use an IPCC Assessment Report for at least one source
- include at least one visual that effectively displays data or explains a concept

Use the IPCC website to explore possible questions and resources. Collaborate with your group members so that every member has a unique question. Be sure that your research questions provide insight on a variety of topics so that your collective report gives the reader a thorough understanding of your Working Group's focus.

Question (Draft 1):

Question (Draft 2):

Teacher initials of approval _____

Your References (Must be properly cited, MLA format):

1. _____
2. _____
3. _____
4. _____
