

ANALYSIS OF PITCH AND FREQUENCY

MATERIALS LIST

For each group:

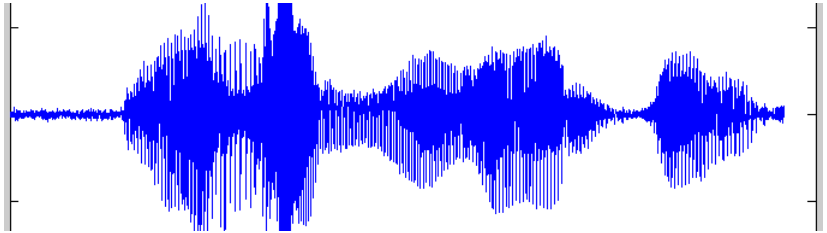

- data sheet
- Sound Scope Space app
- Theramin app
- GarageBand app

GOAL AND PREDICTIONS

Based upon the evidence seen in the analysis of sounds, what predictions can you make about the pitch and frequency of those sounds?

Prediction 1:

Prediction 2:

What is the difference between pitch and frequency?

My final claims based upon my evidence (data):

My evidence is:

Name: _____ Period: _____ Data Sheet 4
