

2020 - 2021 STEM-IN- ACTION GRANT RECIPIENTS

The AEOP **STEM-in-Action Grant** is awarded to five teams selected by judges and based on the evaluation of the teams' proposed implementation plans; however, this year we were able to award grants to ten teams. Each of the selected teams will receive an award of up to \$5,000 and will be invited to the National Judging & Educational Event in June. Evaluation of **STEM-in-Action** awards is separate from the teams' overall project scores. The grants are awarded across all grades to the teams whose implementation plans prove that their projects provide the greatest possible impact within their communities. A team does not have to be a National Finalist team for this grant opportunity. It is open to any Regional Finalist team.
